

**Descriptions —Entomology
of
Courses**

899. Master's Thesis Research
Fall, Spring, Summer. 1 to 12 credits. A student may earn a maximum of 24 credits in all enrollments for this course.
R: Open only to masters students in Entomology.

940. Analytical Techniques for Bioactive Compounds: Separation
Spring of odd-numbered years. 4(2-6)
Extraction and chromatographic separations of compounds from environmental matrices.

941. Analytical Techniques for Bioactive Compounds: Confirmation
Spring of even-numbered years. 4(2-6)
Instrumental confirmation of compounds from environmental matrices.

999. Doctoral Dissertation Research
Fall, Spring, Summer. 1 to 12 credits. A student may earn a maximum of 99 credits in all enrollments for this course.
R: Open only to Ph.D. students in Entomology.

**ENVIRONMENTAL
ENGINEERING ENE**

**Department of Civil and
Environmental Engineering
College of Engineering**

800. Environmental Engineering Seminar
Fall, Spring. 1(1-0)
R: Open only to Environmental Engineering majors.
Current research in environmental engineering.

801. Dynamics of Environmental Systems
Spring. 3(3-0)
Principles of mass balance, reaction kinetics, mass transfer, reactor theory in environmental engineering.

802. Physicochemical Processes in Environmental Engineering
Fall. 3(3-0)
P: ENE 801.
Physical and chemical principles of air and water pollution control and environmental contaminants in water, air and soils.

804. Biological Processes in Environmental Engineering
Fall. 3(3-0)
P: ENE 801 or concurrently.
Engineering of microbial processes used in wastewater treatment, in-situ bioreclamation, and solid waste stabilization.

806. Laboratory Feasibility Studies for Environmental Remediation
Spring. 3(2-4)
P: ENE 802, ENE 804 R: Open only to graduate students in Environmental Engineering, Environmental Engineering-Environmental Toxicology, and Environmental Engineering-Urban Studies. Not open to students with credit in ENE 803 or ENE 805.
Analysis and characterization of contaminants in soil or water. Conceptual and preliminary design of treatment systems. Use of treatability studies to evaluate treatment options. Oral presentations and preparation of consulting reports with design recommendations.

807. Environmental Analytical Chemistry
Fall. 3(3-0)
R: Open only to Environmental Engineering majors.
Techniques for measurement and analysis in environmental engineering. Sample preparation. Quality assurance.

808. Environmental Analytical Chemistry Laboratory
Spring. 1 credit.
P: ENE 807. R: Open only to Environmental Engineering majors.
Laboratory work in environmental analytical chemistry.

880. Independent Study in Environmental Engineering
Fall, Spring, Summer. 1 to 6 credits. A student may earn a maximum of 6 credits in all enrollments for this course.
R: Open only to Environmental Engineering majors.
Solution of environmental engineering problems not related to student's thesis.

890. Selected Topics in Environmental Engineering
Fall, Spring, Summer. 3(3-0) A student may earn a maximum of 9 credits in all enrollments for this course.
R: Open only to Environmental Engineering majors.
Selected topics in new or developing areas of environmental engineering.

899. Master's Thesis Research
Fall, Spring, Summer. 1 to 8 credits. A student may earn a maximum of 24 credits in all enrollments for this course.

999. Doctoral Dissertation Research
Fall, Spring, Summer. 1 to 24 credits. A student may earn a maximum of 72 credits in all enrollments for this course.

**FAMILY AND CHILD
ECOLOGY FCE**

**Department of Family and Child
Ecology
College of Human Ecology**

145. The Individual, Marriage and the Family
Fall, Spring. 3(3-0)
R: Open only to freshmen and sophomores.
Development of the young adult in the human ecological context. Issues of sexuality, gener, parenting, work and family interface, communication and resource use. Diversity in relationships and families.

211. Child Growth and Development: Conception Through Early Childhood
Fall, Spring. 3(3-0)
R: Not open to freshmen.
Physical, cognitive, social, emotional and ecological aspects of human growth and development from conception through early childhood.

211L. Child Growth and Development Laboratory
Fall, Spring. 1 credit.
C: FCE 211 concurrently. R: Not open to freshmen.
Observation and recording the behavior and development of young children.

212. Children, Youth and Family
Fall, Spring. 3(3-0)
P: FCE 145, SOC 100 or FCE 211. R: Not open to freshmen.
An ecosystems perspective on development during childhood and adolescence emphasizing family and community contexts.

225. Ecology of Lifespan Human Development in the Family
Fall, Spring. 3(3-0)
Human development across the lifespan with an ecological perspective. Relationships between human resource professionals and family systems.

238. Personal Finance
Fall, Spring, Summer. 3(3-0)
Strategies, techniques and resources useful in the management of personal finance.

270. Introduction to Family Community Services
Fall, Spring. 4(3-2)
Family community services from an ecological perspective. Professional orientation and factors influencing the field. Participation in community agency required.

280. Community as Context for Individual and Family Development
Fall, Spring. 3(2-2)
Families' and individuals' fit within a community over their life span from an ecological perspective. Analysis of change. Influence of context on development and its implications for family community services. Community observations required.

320. Interaction Processes with Children in Groups
Fall, Spring. 3(3-0)
P: FCE 211, FCE 211L. R: Open only to juniors and seniors in the Department of Family and Child Ecology.
Principles of verbal and non-verbal interaction in relation to children's behavior in groups. Focus on young children in early childhood programs.

320L. Interaction with Children-Laboratory
Fall, Spring. 1 credit.
P: FCE 211, FCE 211L; FCE 320 or concurrently. R: Open only to juniors and seniors in the Department of Family and Child Ecology.
Practice applying principles of interaction to individuals and small groups in early childhood programs.

321. Curriculum for Early Childhood Programs
Fall, Spring. 3(3-0)
P: FCE 320, FCE 320L. R: Open only to juniors and seniors in the Department of Family and Child Ecology. Completion of Tier I writing requirement.
Child development principles and accreditation standards for designing curricula for early childhood programs. Planning and evaluating learning activities and programs.

321L. Curriculum for Early Childhood Programs: Laboratory
Fall, Spring. 1 credit.
P: FCE 320, FCE 320L, FCE 321 or concurrently. R: Open only to juniors and seniors in the Department of Family and Child Ecology.
Supervised practice in providing learning activities for individual children and small groups. Planning, implementing and evaluating activities.

345. Principles of Family Studies
Fall, Spring. 3(3-0)
P: FCE 225 R: Not open to freshmen.
Historical, social, cultural and economic perspectives on contemporary families. Approaches to studying families. Role of communication, resources and decision making in family systems.

346. Helping Skills in Family Community Services
Fall, Summer. 3(2-2)
P: FCE 270, FCE 280.
Foundational skill development necessary for the delivery of services to diverse families, including communicating, interviewing, problem solving, and assessment. Application of skills in a field experience.

**Descriptions—Family and Child Ecology
of
Courses**

- 822. Assessment of the Young Child**
Fall of even-numbered years. 3(3-0)
Assessment instruments and procedures for children from birth to age seven. Techniques for assessing physical, social, emotional, and cognitive development of young children.
- 823. Infant Programs and Practices**
Spring of odd-numbered years. 3(2-3)
P: FCE 810 or PSY 845.
Concepts of early childhood education applied to children from birth to age three. Evaluation of research, learning materials, and activities for infants at home and in small group settings. Field work required.
- 830. Survey of Marriage and Family Therapy Theories**
Fall. 3(3-0)
Contemporary ecosystem theories of marriage and family therapy.
- 831. Treatment Processes in Marriage and Family Therapy**
Spring. 3(2-3)
P: FCE 830. R: Open only to Marriage and Family Therapy majors.
Case management and treatment processes for problems affecting system change and family functioning.
- 832. Ethics, Law, and Professional Development**
Spring of odd-numbered years. 3(3-0)
Ethics and laws affecting family life professionals. Developing a professional identity. Management of private practice and consulting services.
- 842. African American Families**
Spring. 3(3-0)
Historical and contemporary approaches to the study of African and African American families. Major theoretical frameworks.
- 845. Foundations of Family Study**
Fall. 3(3-0)
Historical and cultural perspectives of the family; conceptual approaches to family study; sensitivity to family diversity; key issues related to the life cycle. Field observations required.
- 847. Theories of the Family**
Spring. 3(3-0)
P: FCE 845.
Perspectives on the family. Relationships of theory, research, and practice.
- 848. Divorce and Remarriage Interventions**
Fall of even-numbered years. 3(3-0)
Impact of changing marital status on the individual, family and society. Current research, laws, educational programming for clinical treatment strategies.
- 850. Theories of Management and Decision Making in the Family**
Fall. 3(3-0)
Theories of decision making in the context of family management. Application to human resource development in the family. Integrated ecological approach.
- 851. Family Economics**
Fall of odd-numbered years. 3(3-0)
P: One course in economics.
The household as an economic unit in consumer and producer roles. Economic functions and processes.
- 871. Methods of Teaching Adults**
Fall of odd-numbered years. 3(3-0)
Uses of human and family ecological perspectives in teaching adult audiences.
- 872. Program Design and Development**
Fall of even-numbered years. 3(3-0)
Processes involved in program design and development for human service organizations and agencies.
- 873. Administration and Management of Human Services Programs**
Spring of even-numbered years. 3(3-0)
P: FCE 872.
Processes and procedures related to the management and administration of human services programs.
- 874. Volunteer Development and Management**
Fall of odd-numbered years. 3(3-0)
Recruitment, development, and guidance of volunteers for human service programs. Administration of programs involving volunteers.
- 875. Curriculum and Evaluation in Home Economics Education**
Spring of even-numbered years. 3(3-0)
Relationships between curriculum and evaluation. Processes used in developing curriculum and evaluation models.
- 880. Research Methods in Family and Child Ecology**
Fall, Spring. 3(3-0)
Methods applied to problem definition, research design, and analysis.
- 890. Independent Study**
Fall, Spring, Summer. 1 to 5 credits. A student may earn a maximum of 9 credits in all enrollments for this course.
Individual study of selected topics with faculty guidance.
- 891. Topics in Family and Child Ecology (MTC)**
Fall, Spring. 2 to 3 credits. A student may earn a maximum of 12 credits in all enrollments for this course.
Family science, early childhood development, problems in programs, or services for families.
- 892. Seminar in Family and Child Ecology**
Fall, Spring. 1 to 4 credits. A student may earn a maximum of 12 credits in all enrollments for this course.
Selected content in family relationships, family economics, human development in the family, community services, or programs for children and families.
- 894. Laboratory and Field Experience**
Fall, Spring, Summer. 1 to 4 credits. A student may earn a maximum of 8 credits in all enrollments for this course.
R: Open only to graduate students in the Department of Family and Child Ecology.
Supervised observation, practica, or internships.
- 899. Master's Thesis Research**
Fall, Spring, Summer. 1 to 6 credits. A student may earn a maximum of 50 credits in all enrollments for this course.
R: Open only to graduate students in the Department of Family and Child Ecology.
- 902. Advanced Marriage and Family Therapy Theories**
Spring of even-numbered years. 3(3-0)
A student may earn a maximum of 12 credits in all enrollments for this course.
P: FCE 830.
Selected theoretical perspectives in marriage and family therapy and related therapy techniques.
- 904. Family Ecology Theory Construction**
Fall of odd-numbered years. 3(3-0)
P: FCE 801; FCE 810; FCE 830 or FCE 847 or FCE 850.
R: Open only to doctoral students.
Integration and application of concepts in constructing family ecology theory. Theory development strategies.
- 980. Advanced Research Methods (MTC)**
Fall, Spring, Summer. 1 to 4 credits. A student may earn a maximum of 9 credits in all enrollments for this course.
P: FCE 801, FCE 880. R: Open only to doctoral students.
Research design, measurement and implementation.
- 991. Topics in Family and Child Ecology (MTC)**
Fall, Spring. 2 to 3 credits. A student may earn a maximum of 12 credits in all enrollments for this course.
R: Open only to doctoral students.
Topics and problems in programs and services for families.
- 993. Internship**
Fall, Spring, Summer. 1 to 9 credits. A student may earn a maximum of 12 credits in all enrollments for this course.
R: Open only to Family and Child Ecology graduate students. Approval of department.
Supervised practicum, or internship.
- 999. Doctoral Dissertation Research**
Fall, Spring, Summer. 1 to 24 credits. A student may earn a maximum of 99 credits in all enrollments for this course.
R: Open only to doctoral students in the Department of Family and Child Ecology.

**FAMILY AND COMMUNITY
MEDICINE FCM**

**Department of Family and
Community Medicine
College of Osteopathic Medicine**

- 515. Health Care in Underserved Areas**
Fall of even-numbered years. 2 to 3 credits.
Interdepartmental with Family Practice. Administered by Family Practice.
R: Graduate-professional students in colleges of Human and Osteopathic Medicine.
Professional, economic, and personal issues confronting the physician practicing in medically underserved areas. Impact of practice location, federal programs, changing patterns of practice, health maintenance organizations.
- 516. Migrant Worker Health Care**
Summer. 1 to 2 credits. A student may earn a maximum of 8 credits in all enrollments for this course.
Interdepartmental with Family Practice. Administered by Family Practice.
R: Open only to graduate-professional students in colleges of Human and Osteopathic Medicine.
Health beliefs, patient attitudes, economic situations and medical problems of migrant agricultural workers. Introduction to occupational medicine in the agricultural sector.
- 517. Introduction to Sports Medicine**
Fall. 2(2-0)
Interdepartmental with Family Practice. Administered by Family Practice.
R: Graduate-professional students in colleges of Human and Osteopathic Medicine.
Causes, diagnosis, treatment, and prevention of common sports injuries. Drugs, nutrition, exercise physiology and sports psychology. Emphasis on family practice approach to sports medicine.
