SMALL ANIMAL SCS CLINICAL SCIENCES

Department of Small Animal Clinical Sciences College of Veterinary Medicine

Fundamental Clinical Skills for Small Animals

Fall. 1(0-2) RB: Completion of Year 2 of the graduate professional program in the College of Veterinary Medicine. R: Open to graduate-professional students in the College of Veterinary Medicine.

Development of skills for the safe and humane examination and handling of dogs and cats. Performance of common procedures for obtaining specimens and administering medication.

563 Introduction to Exotic Species and Small **Mammal Medicine**

Spring. 1(1-0) RB: Completion of year 1 of the graduate-professional program in the College of Veterinary Medicine.

R: Open to graduate-professional students in the College of Veterinary Medicine.

Basic anatomy, physiology, and common disease processes of small mammals, birds, and reptiles. Species include ferrets, rabbits, guinea pigs, small rodents, pet birds, and reptiles.

564

Applied Small Animal NutritionSpring. 1(1-0) RB: Completion of year 1 of the graduate-professional program in the College of Veterinary Medicine. R: Open to graduate-professional students in the College of Veterinary Medicine.

Principles of life stage nutrition and making dietary recommendations for healthy and sick small animal

565 **Animal Behavior**

Spring. 1(1-0) RB: Completion of year 1 of the graduate-professional program in the College of Veterinary Medicine. R: Open to graduate-professional students in the College of Veterinary Medicine.

Diagnosis, treatment and prevention of behavioral problems in dogs and cats. Topics include problem prevention, behavioral intervention, aggression, anxiety related problems, inappropriate elimination, normal unwanted behavior, client counseling and interaction, and companion animal welfare

566 **Emergency and Critical Care Medicine**

Fall, Spring. 1(1-0) RB: Completion of year 1 of the graduate professional program in the College of Veterinary Medicine. R: Open to graduate-professional students in the College of Veterinary Medicine.

Case-based discussion of small animal veterinary emergency and critical care medical issues.

Small Animal Clinical Oncology 567

Fall. 1(1-0) RB: Completion of year 2 of the graduate-professional program in the College of Veterinary Medicine. R: Open to graduate-professional students in the College of Veterinary Medicine.

Overview of cancer in dogs and cats. Clinical management.

568 **Small Animal Advanced Orthopedics** Seminars

Fall. 1(1-0) RB: Completion of year 2 of the graduate-professional program in the College of Veterinary Medicine. R: Open to graduate-professional students in the College of Veterinary Medicine.

Basic biomechanics and research in orthopedics including novel concepts and techniques in fracture management, arthropathies, corrective osteotomies, implant design, and performance.

Selective Topics in Small Animal Clinical 590 Sciences

Fall, Spring. 1(1-0) RB: Completion of year 1 of the graduate professional program in the College of Veterinary Medicine R: Open to graduate-professional students in the College of Veterinary Medicine or in the Department of Small Animal Clinical Sciences.

Important field of study in Small Animal Clinical

611 **Diagnostic Imaging Clerkship**

Fall, Spring, Summer. 3 credits. RB: Completion of semester 5 of the professional veterinary program.

Diagnostic radiography and ultrasound imaging. Radiation safety. Special procedures.

Problems in Diagnostic Imaging Clerkship

Fall, Spring, Summer. 3 credits. A student may earn a maximum of 6 credits in all enrollments for this course. RB: (SCS 611) and Completion of semester 5 of the graduate-professional program in the College of Veterinary Medicine.

Advanced diagnostic radiography, ultrasound imaging, and magnetic resonance imaging.

Diagnostic Ultrasound Clerkship

Fall, Spring, Summer. 3 credits. RB: (SCS 611) and Completion of semester 5 of the professional veterinary program. R: Open to graduate-professional students in the College of Veterinary Medicine.

Principles of ultrasound physics, ultrasound scanning techniques, and interpretation of ultrasound imaging.

Small Animal General Medicine Clerkship

Fall, Spring, Summer. 3 credits. RB: Completion of semester 5 of the professional veterinary program. R: Open only to graduateprofessional students in College of Veterinary Medicine.

Diagnostic and treatment services for routine and emergency outpatients.

Small Animal Soft Tissue Surgery Clerkship

Fall, Spring, Summer. 3 credits. A student may earn a maximum of 6 credits in all enrollments for this course. RB: Completion of semester 5 of the professional veterinary program. R: Open only to graduate-professional students in College of Veterinary Medicine.

Diagnosis and preoperative, surgical, and postoperative care of patients requiring routine elective and major soft- tissue surgical procedures.

Spay/Neuter Clerkship

Fall, Spring, Summer. 3 credits. RB: (SCS 626 and SCS 648) and Completion of semester 5 of the graduate professional veterinary program.

Ovariohysterectomy or orchiectomy. Aspects of preand post-operative management and anesthesia.

636 **Problems in Soft Tissue Surgery** Clerkship

Fall, Spring, Summer. 3 credits. A student may earn a maximum of 6 credits in all enrollments for this course. RB: (SCS 626) and and completion of semester 5 of the graduate-professional program in the College of Veterinary Medicine.

Soft tissue surgery problems.

637 Operative Surgery: Instruction and Review

Fall, 3 credits. P: VM 557 RB: Completion of semester 5 of the professional veterinary program. R: Open to graduate-professional students in the College of Veterinary Medicine

Participation in the instruction of VM 557 (Operative Surgery), with preparation for the laboratory and discussion after the laboratory. Performance of additional surgical procedures, case discussions, rounds, and anatomy review. Approved independent study project required.

640 Cardiology Clerkship

Fall, Spring, Summer. 3 credits. A student may earn a maximum of 6 credits in all enrollments for this course. RB: Completion of semester 5 of the professional veterinary program. R: Open only to graduate-professional students in College of Veterinary Medicine.

Diagnosis and medical, and surgical treatment of small animal thoracic and cardiovascular disorders.

Comparative Ophthalmology Clerkship 641

Fall, Spring, Summer. 3 credits. RB: Completion of semester 5 of the professional veterinary program. R: Open only to graduateprofessional students in College of Veterinary Medicine.

Ophthalmic evaluation of all species. Diagnosis and medical and surgical treatment of ophthalmic disease.

Zoo and Wildlife Clerkship 642

Fall, Spring, Summer. 3 credits. RB: Completion of semester 5 of the professional veterinary program. R: Open to veterinary medicine students in the College of Veterinary Medicine.

Zoo animal and wildlife medicine and surgery.

643 **Neurology Clerkship**

Fall, Spring, Summer. 3 credits. RB: Completion of semester 5 of the professional veterinary program. R: Open only to graduateprofessional students in College of Veterinary Medicine. Not open to students with credit in SCS 666.

Diagnosis and medical and surgical treatment of small animal neurological disorders.

Dermatology Clerkship

Fall, Spring, Summer. 3 credits. RB: Completion of semester 5 of the professional veterinary program. R: Open to graduate-professional students in the College of Veterinary Medicine.

Diagnosis and treatment of small animal dermatological disorders.

645 Intensive Care Unit Clerkship

Fall, Spring, Summer. 3 credits. A student may earn a maximum of 6 credits in all enrollments for this course. RB: Completion of semester 5 of the professional veterinary program. R: Open only to graduate-professional students in College of Veterinary Medicine. Not open to students with credit in SCS 622.

Intensive care and management of critically ill small animals.

646 **Small Animal Orthopedic Surgery** Clerkship

Fall, Spring, Summer. 3 credits. A student may earn a maximum of 6 credits in all enrollments for this course. RB: Completion of semester 5 of the professional veterinary program. R: Open only to graduate-professional students in the College of Veterinary Medicine.

Diagnosis and preoperative, surgical, and postoperative care of patients requiring routine and major orthopedic surgical procedures.

Small Animal Internal Medicine Clerkship

Fall, Spring, Summer. 3 credits. A student may earn a maximum of 6 credits in all enrollments for this course. RB: Completion of semester 5 of the professional veterinary program. R: Open only to graduate-professional students in the College of Veterinary Medicine.

Diagnosis and therapy for complicated medical cases of small animals.

Anesthesia Clerkship 648

Fall, Spring, Summer. 3 credits. A student may earn a maximum of 6 credits in all enrollments for this course. RB: Completion of semester 5 of the professional veterinary program.

Pre-anesthesia evaluation, induction, monitoring, and recovery of small animal patients requiring routine and major surgical procedure.

650

Advanced Cardiology Clerkship
Spring. 3 credits. RB: (SCS 640) and Completion of semester 5 of the graduateprofessional program in the College of Veterinary Medicine.

Advanced cardiology practice.

651 **Advanced Comparative Ophthalmology** Clerkship

Spring. 3 credits. RB: (SCS 641) and Completion of semester 5 of the graduateprofessional program in the College of Veterinary Medicine. R: Approval of department.

Problem-oriented approach to complex ocular disease processes at the gross and microscopic levels.

653 **Problems in Neurology Clerkship**

Fall, Spring, Summer. 3 credits. A student may earn a maximum of 6 credits in all enrollments for this course. RB: (SCS 643) and and completion of semester 5 of the graduate-professional program in the College of Veterinary Medicine.

Neurologic problems.

654 **Clinical Medical Oncology Clerkship**

Fall, Spring, Summer. 3 credits. A student may earn a maximum of 6 credits in all enrollments for this course. RB: Completion of Semester 5 of the graduate professional program in the College of Veterinary Medicine. R: Open to graduate-professional students in the College of Veterinary Medicine.

Management of veterinary cancer patients, including diagnosis, staging evaluation, prognostication and multimodality therapy. Daily clinical rounds and didactic topics.

Clinical Surgical Oncology Clerkship

Fall, Spring, Summer. 3 credits. A student may earn a maximum of 6 credits in all enrollments for this course. RB: Completion of Semester 5 of the graduate professional program in the College of Veterinary Medicine. R: Open to graduate-professional students in the College of Veterinary Medicine.

Surgical management of veterinary cancer patients, including diagnosis, staging evaluation, techniques, and perioperative prognosis.

Clinical Nutrition for Small Animals

Spring. 3 credits. RB: Completion of Semester 5 of the graduate-professional program in the College of Veterinary Medicine.

Principles of clinical nutrition and dietetics for dogs and cats: diet evaluation, nutritional assessment, critical care nutrition support, and clinical case eval-

Veterinary Molecular Biology Clerkship

Fall, Spring, Summer. 3 credits. A student may earn a maximum of 6 credits in all enrollments for this course. RB: Completion of semester 5 of the graduate-professional program in the College of Veterinary Medi-

Concepts and techniques of veterinary molecular biology.

693 **Problems in Small Animal Clinical** Sciences Clerkship

Fall, Spring, Summer. 3 credits. A student may earn a maximum of 9 credits in all enrollments for this course. RB: Completion of semester 5 of the graduate-professional program in the College of Veterinary Medicine. R: Open to veterinary medicine students.

Special problems.

Small Animal Specialty Practice Clerkship

Fall, Spring, Summer. 3 credits. A student may earn a maximum of 6 credits in all enrollments for this course. RB: Completion of semester 5 of the professional veterinary program. R: Open to veterinary medicine students in the College of Veterinary Medi-

Supervised, off-campus, specialty practice experience in an assigned veterinary practice or other school of veterinary medicine.

Emergency and Critical Care Medicine Clerkship

Fall, Spring, Summer. 3 credits. A student may earn a maximum of 6 credits in all enrollments for this course. RB: Completion of semester 5 of the professional veterinary program. R: Open only to graduate-professional students in the College of Veterinary Medicine.

Admission, triage, diagnosis, treatment, and discharge of patients entering an emergency service. Daily instructional rounds.

808 **Problems in Small Animal Surgery**

Fall, Spring, Summer. 1 to 9 credits. A student may earn a maximum of 15 credits in all enrollments for this course. R: Open only to graduate students in the Department of Small Animal Clinical Sciences.

Problems in small animal surgery.

813 **Small Animal Seminar**

Fall, Spring, Summer. 1(1-0) A student may earn a maximum of 3 credits in all enrollments for this course. R: Open only to graduate students in the Department of Small Animal Clinical Sciences.

Small animal seminar.

Experimental design and analysis of 820 clinical research

Fall. 2(2-0) RB: House Officers of the Veterinary Teaching Hospital or approval of department. R: Not open to undergraduate students.

Experimental design and analysis in the animal medical sciences with particular emphasis on preclinical and clinical veterinary experiments.

Comparative Systems Review in Oncologic Medicine Supradiaphragmatic

Fall. 2(2-0) RB: Completion of year 2 of the graduate professional program in the College of Veterinary Medicine.

Literature review of supradiaphragmatic oncologic diseases organized by organ system. Comparative aspects of the specific malignancies in human and veterinary oncology.

831 Comparative Systems Review in Oncologic Medicine - Subdiaphragmatic

Spring. 2(2-0) RB: Completion of year 2 of the graduate professional program in the College of Veterinary Medicine.

Literature review of subdiaphragmatic oncologic diseases organized by organ system. Comparative aspects of the specific malignancies in human and veterinary oncology.

Comparative Cancer Biology

Spring. 2(2-0) RB: Completion of year 2 of the graduate professional program in the College of Veterinary Medicine.

Concepts in cancer biology. Comparative medicine.

Pharmacology of Anticancer Chemotherapeutics 833

Fall. 2(2-0) RB: Completion of year 2 of the graduate professional program in the College of Veterinary Medicine.

Literature review and discussion of drugs and other agents used in the treatment of neoplastic diseases in humans and companion animals.

Principles of Cancer Protocol Design 834

Fall. 2(2-0) RB: Completion of year 2 of the graduate professional program in the College of Veterinary Medicine.

Principles of the design and evaluation of clinical trials in oncology.

835 **Comparative Aspects of Tumor** Immunology

Spring. 2(2-0) RB: Completion of year 2 of the graduate professional program in the College of Veterinary Medicine.

Understanding the immune system's response to neoplastic cells and how the immune response may be recruited to fight cancer. Comparative aspects of immunology.

899 Master's Thesis Research
Fall, Spring, Summer. 1 to 8 credits. A student may earn a maximum of 12 credits in all enrollments for this course. R: Open only to graduate students in the Department of Small Animal Clinical Sciences.

Master's thesis research.
